

# YOUR SECURITY PARTNER

[www.hawkaerospace.eu](http://www.hawkaerospace.eu)

## VIP SITUATIONAL AWARENESS & CONTROL

Knowing what is happening and being prepared is crucial for when an incident occurs allowing you to contain and rapidly react as situations arise and mitigate the damages resulting from any situation. Our Operations Management Centre gives you the overview of the condition in the field allowing you to take the right decisions at the right time.

Hawk Aerospace can provide you with project specific Operations Command Systems (OCS), combined with eye in the sky drone systems that are designed to your needs. Together with top quality training, supervision and support the Hawk Overwatch OCS is the ideal solution to manage any possible scenario.

# Keep Your Operations Under Control

## Bringing New Solutions to the Future of Operations Management

The Operations Management Centre is divided into five functions and is in full direct link with the remote aerial systems:

- ✈ Data Capture
- ✈ Data Visibility & Analysis
- ✈ Decision Making Support
- ✈ Maintaining Continuity
- ✈ Disseminate Information
- ✈ Integrated Communications

### RECOGNISE, REACT, CONTROL

The OCS is built with a user-friendly interface providing its users with the ideal platform to be able to immediately recognise an incident and its scope, respond to the scenario with the appropriate measures promptly to bring back the situation under control as swiftly as possible.

The Hawk Overwatch also provides you with saved data of any past events and drills so as to be able to build a review of what happened to make sure to take advantage from lessons learned.

Hawk Aerospace provides you with highly skilled and experienced engineers to fully train as well as certify your organisation to be able to advise you on your specific operational needs.

Furthermore, we ensure that your system is kept up to date with the most recent improvements and we will follow up with you to help in any way to ensure your peace of mind.

## GET IN TOUCH

Our team at Hawk Aerospace are passionate about Engineering Tomorrow's Technological Solutions for today's evolving problems.

We combine decades of experience in innovation with dedication towards great customer service to provide you with the desired solutions and customer satisfaction.
